

2017

Summer Camp Program

GIZMO, Private Investigator

A week-long camp wide mystery will be solved by Scouts and leaders and reported to your Camp Commissioner upon completion. Clues can be found hidden in the *Gizmo Gazette* and gathered from your favorite staff member. Use your Scouting skills and deductive reasoning to solve the mystery.

Older Scout Programs will include Traffic Safety, Crime Prevention, Finger Printing, Fire Safety, Photography, Communications, and Physical Fitness Merit Badges.

The Campsite Project will be to build a mousetrap “Rube Goldberg” type machine. Yes, it can still be a gateway.

Wednesday the Camp Commissioners will judge the projects.

Scouting skills and natural materials must be used to complete it. Participants will be given a clue to the mystery.

The Older Scout out-trip will include solving the mystery of the historic Ohio Erie Canal which carried canal boats north and south hauling important goods to cities up and down the canal. Older Scouts can hike from Peninsula to the Canal Visitor Center and then ride the Cuyahoga Valley Scenic Railroad back to Peninsula.

There will also be field trips to the Valley Fire Station and Peninsula Police Department. *For the adults, we have tentatively arranged for CPR- AED training each week, which you will receive a certification card.*
